

POLICE FEAR NEW RIOTS WHEN CABBIES STRIKE

Reserves in Four West Side Stations Ordered to be Ready for Trouble.

EMPLOYERS PLAN FIGHT.

Will Insist on "Open Shop" and Drivers Give Their Ultimatum.

Notified that a strike of the cab drivers may be called any moment Commissioner Bingham has ordered the reserves in the West Twentieth, West Thirtieth, West Forty-seventh and West Sixty-eighth street stations to remain on constant duty. It is feared there will be violence on the part of the strikers or their sympathizers as soon as the strike is declared.

During the recent strike of the taxicab chauffeurs the reserve police in the last three of these stations were kept so constantly on duty that the health of many of the men gave away.

The members of the Livery Stable Keepers' Association do not mean to give in to the demands of the union drivers, according to the statement made to-day, and are preparing to fill the places of the old drivers with non-union men in case there is a walkout.

Edwin Gould, chairman of the New York District Council of the United Teamsters of America, who will be in charge of the strike if one is ordered, has sent an ultimatum to the employers.

We are still waiting for a final answer from the association of employers," he added.

The cab drivers believe the chauffeurs employed on public automobiles will strike in sympathy. Such a strike would tie up funerals in the city, as it will be difficult to find drivers for the hearses and coaches. At the last strike of the cab drivers automobiles had to be used as funeral conveyances.

On Oct. 15 last the employers declined to renew the agreement with the members of the Livery Stable Association for the employment of only union hackmen and instead adopted the "open shop" plan, which provides that non-union men shall have the same right of employment as those belonging to the union.

The members of the union protested against this action, and after many conferences at the Imperial Hotel failed to come to an agreement. The union members held a meeting Sunday night, and when the vote of the three thousand members had been counted it was found that every man had voted in favor of a strike.

MEADOW BROOK HUNT DIVIDES OVER MOVING.

Younger Members Would Have Clubhouse Taken to Wheatley Section.

There is friction between some of the older and younger members of the Meadow Brook Hunt Club, because of a plan to move the clubhouse about five miles from its present site, away from trolley lines and automobile highways. The question is to be voted on in February. Older members who own estates near the present clubhouse oppose the plan, but the younger element believe if the clubhouse was located along the north shore in the Wheatley section the sport would not be hampered as now. The present clubhouse and stables are worth about \$50,000, and the fifty or sixty acres the club owns are worth as much more.

MISS FRICK WILL MAKE DEBUT IN PITTSBURGH HOME

Ignores Father's Wishes That She Have Coming-Out Party in This City.

Miss Helen Frick, only daughter of Henry Clay Frick, and heiress to half of the \$100,000,000 Frick fortune, has openly defied her father and decided to have her coming-out party in Pittsburgh, instead of in New York, where her father wanted her to have it, and where the family has practically lived for several years.

Miss Helen was more successful with her mother than she had been with her father, and induced her to accompany her to Pittsburgh, where the family mansion, Clayton, was thrown open and prepared for the young lady's debut Dec. 16, and cards were sent out yesterday.

It is understood the first of them was addressed by the pretty little heiress to "Papa" Frick in New York, and that he will be among the guests.

According to reports Mr. Frick is not fond of Pittsburgh and prefers that his family enter New York society, but Miss Helen, known among the younger people of Pittsburgh as "Little Helen Frick," is one of the most popular of the rich society girls here. For many years she has assisted her mother in dispensing the charities for which the Frick family is noted, and manifested her fondness for the place by insisting on making her initial bow in society there.

APPLES TO LEAD ALL.

SPOKANE, Wash., Dec. 8.—The First National Apple Show ever held in America was opened yesterday by President Lewis W. Hill, who is also President of the Great Northern Railway Co. President Hill predicted that within a quarter of a century the value of the apple crop of the Pacific Northwest will be greater than the present combined value of wheat, ore and timber.

The cab drivers believe the chauffeurs employed on public automobiles will strike in sympathy. Such a strike would tie up funerals in the city, as it will be difficult to find drivers for the hearses and coaches. At the last strike of the cab drivers automobiles had to be used as funeral conveyances.

Overfatness Condemned.

Fat, or even fattish, women readers who want to be in the mode this year must understand that the demand is for lines, not curves, and govern themselves accordingly. That means OFF with the fat. It has become a duty. Many are trying exercises or dieting, but it is certain they will find these methods too slow and unreliable. The elegant and safe way to get in form for the December mode is by means of Marmola Prescription Tablets. Any druggist (or the Marmola Company, Detroit, Mich.) will give you a large-sized case of these elegant little fat reducers, containing a good, generous supply, for seventy-five cents, and even this quantity should be enough to make a decided impression on your excess fat. Many have lost as much as a pound a day.

These Marmola Prescription Tablets may be used with impunity and without perfect confidence, for, being made strictly in accordance with the famous Marmola Prescription, they are of course, quite harmless. They are rather beneficial than otherwise, in fact, never disturbing the stomach or causing a wrinkling of the flesh.
